**SECOND SUPPLEMENTAL RULE 132 DECLARATION**

Dear Sir:

Now comes Joseph Hummel, the above-named applicant, who states as follows:

Upon review of the original Rule 132 Declaration dated April 13, 1995, it has recently been discovered that the third column in paragraph 7 of the Declaration inadvertently reports inaccurate values for Tensile Modulus. The correct approximate values are as follows:

<u>MATERIAL</u>	<u>TENSILE MODULUS g/d</u>
Kevlar	500
Spectra	1400
Vectran HS	525
Vectran M	425
Polyester	55

I hereby certify that this paper is being deposited with the  
U. S. Postal Service as 1st Class Mail addressed to the  
Assistant Commissioner for Patents, Washington, D.C. 20231

June 11, 1996  
Christine Dzalkewicz

This error was inadvertent and does not alter the accuracy of the statements or conclusions contained in either the original Declaration or the first Supplemental Declaration dated December 22, 1995.
